Disclaimer and Instructions

Carrier Transicold Container Aftermarket Parts

(Note: Carrier Transicold reserves the right to update pricing at any time.)

Index

- Price Book (Current Pricing, updating weekly)
- Price Change Book - Contains only items that had a pricing update since January 1 of the current year.

Column Definition

- Column A: Part Number – Part number identification for all products, including cores.
- Column B: Description – Description of the part
- Column C: PKG – Package quantity in which the item is sold.
- Column D: Supersedure- if an item number appears in this column, the item in column A has been superseded to the item in column D. No pricing is valid and/or may read as $0.00.
- Column E: List Price – Global List Price (USD)
- Column F: Each Price – Global List Price provided in Column E, divided by the package quantity (Column C).
- Column G: EXCH/CORE –
    - If the word "Exchange" is shown, a core charge applies to this part number.
    - If the word "Core" is shown, the core value may be found in Column E.
        - Column H: "Core Reference #" - will be populated with the core item number
        - Column I: "Core List Price" - will provide the list pricing of the core.
        - Column J: "Total List Price W/Core" - will be populated for all items with a core charge. The total list is the sum of the "List Price" in column E and the "Core List Price" in column I.

    <u>If the item does not have a core</u>

    - Columns G – I will be blank
    - Column J – Total List Price for all items, including core value.

- Column K: "Signal Codes"
    - A – Active. Items available for sale.
    - NSI – Non-Stock Item. These items are available for sale, but subject to price and availability.
    - NLO – No Longer Offered. Item is no longer offered or obsolete. No pricing is valid and/or may read as $0.00.
    - NSU – Non Set-up. Item is currently inactive. No pricing is valid and/or may read as $0.00.
- Column L: Line of Business
    - C = Container Specific Parts
    - G = General Parts
    - A = Refrigerant and Power Rush Battery Program (Available for sale in North America only)

- Columns M – P: Dimensions of the Part. Weight, length, width, height (lbs, inches, etc).
- Column Q: COO or Country of Origin. May not be applicable for all regions. Please contact your customer representative for more details.
- Column R: HTSUS – Harmonized Shipping Code. May not be applicable for all regions. Please contact your customer representative for more details.
